MINISTRY OF EDUCATION AND SPORTS

## ALBERTINE REGION SUSTAINABLE DEVELOPMENT PROJECT

# GOVERNMENT OF UGANDA BURSARY SCHEME FOR LEARNERS IN THE ALBERTINE REGION

# TRAINEES SELECTED TO ENROL FOR THE BURSARY SCHEME

**Background**

1. The Government of Uganda, through the Ministry of Education and Sports (MoES), Ministry of Lands, Housing and Urban Development, Uganda National Roads Authority in a bid to improve regional and local access to infrastructure, markets and skills development in the Albertine Region, received financing from the World Bank under the Albertine Region Sustainable Development Project (ARSDP).

   The third component of the ARSDP, Skills Access and Upgrading, implemented by MoES, is designed to upgrade Business, Technical and Vocational Education and Training (BTVET) quality in the oil and gas sector to make it more in line with private sector demands, and provide greater access to the BTVET system to people living in the Albertine Region. The component is financing the upgrade of selected institutes which support the objectives of the Skilling Uganda Strategy. This is in line with the Government of Uganda 10 year strategic plan of reducing unemployment in the country through skilling Ugandans. The project will establish institutional and management mechanisms for the administration, monitoring and evaluation of the bursaries program with GoU counterpart funding for learners from the Albertine region to undergo skills training from accredited technical and vocational training institutions in the country.

2. The Ministry of Education and Sports contracted KPMG East Africa as the management agent for the Government of Uganda Bursary Scheme for learners in the Albertine region under the Albertine Region Sustainable Development Project.

3. The Ministry of Education and Sports supported by the management agent selected internationally accredited training institutions to trainthe bursary scheme beneficiaries. These institutions are; Uganda Petroleum Institute Kigumba, Uganda Driving Standards Agency and Sunmaker Oil and Gas Training Institute.

4. The Ministry of Education and Sports invited applications for bursaries from learners in the Albertine districts of Nebbi, Nwoya, Buliisa, Masindi, Kiryandongo, Hoima, Kibaale, Bunyangabu, Kakumiro, Kagadi, Kyenjojo, Kabarole, Ntoroko, Kikuube and Pakwach. A two-round selection process was conducted. Round one involved the District Education Officers (DEOs) and where trainees were selected based on the following eligibility criteria:
   a) The trainee must be a Ugandan citizen;
   b) The trainee should have been living in the Albertine region districts of Nebbi, Nwoya, Buliisa, Masindi, Kiryandongo, Hoima, Kibaale, Bunyangabu, Kakumiro, Kagadi, Kyenjojo, Kabarole, Ntoroko, Kikuube and Pakwach for the past five years; and
   c) The Trainees should have a minimum of an O level certificate or craft 1 or craft 2 technical certificate, or Uganda Vocational Qualifications Framework (UVQF) level 1 or level 2 certificates.

Round two was conducted by the selected training institutions and was witnessed by the DEOs of the targeted districts.Round two trainee selection was based on the following eligibility criteria:

a) Academic and technical criteria as defined by the training institution;
b) Geographical location of trainee applicants with anequal number initially selected from the 15 participating districts;
c) Gender composition of the trainee applicants that aimed to select 40% female. However overall there were less female applicants;
d) Trainees selected were required to be Youth at the time of application. Under the current laws and conventions, a Youth in Uganda is someone below 35 years of age.

After the round two selection process by the training institutions, the management agent conducted background checks on the trainees to validate the authenticity of their nationality, residency, and academic qualifications.

5. Following traineeselection and background checks, below is the list of the trainees selected to enroll for the Bursary Scheme under ARSDP. The trainees are requested to prepare for training which will commence once the Ministry of Education and Sports clears training institutions to resume training following containment of the COVID 19 pandemic.Enrollment letters will be available at the respective District offices.

**List 1: Selected beneficiaries to be trained by the Uganda Driving Standards Agency**
