

THE REPUBLIC OF UGANDA

## MINISTRY OF EDUCATION AND SPORTS

### TECHNICAL VOCATIONAL EDUCATION AND TRAINING (TVET) CALL FOR LICENSING AND REGISTRATION OF PRIVATE TVET INSTITUTIONS AND PROVIDERS

The Technical, Vocational Education and Training (TVET) Policy was approved by Cabinet in January 2019. This led to the process of building a strong employer led TVET system that focuses on delivery of relevant skills for national development, enhanced productivity and economic growth.

The TVET Policy seeks to improve access, employability, quality management and organization of the TVET system. It also seeks to promote partnerships between TVET institutions/industry, strengthen the capacities of both public and private TVET institutions and providers, and ensure that at least 66% of the governing bodies of public and private TVET institutions are representatives of the relevant employers/industry.

To implement the Policy, the Ministry of Education and Sports issued Circular No.1 indicating guidelines on the procedure for licensing and registration of TVET Private Institutions and Providers. The Ministry now calls for applications from eligible Private Institutions and Providers who wish to be Licensed and Registered to engage in TVET delivery and subsequently, qualify for inspection, assessment and accreditation. Applicants who had earlier submitted detailed information with regard to their institutions or TVET provision centers will be served first.

Application forms and relevant documents should be duly filled and returned by **Friday 28<sup>th</sup> April 2023**. Forms can be accessed on the Ministry website <http://www.education.go.ug> UBTEB <http://ubteb.go.ug> and at the Department of TVET Operations and Management offices located at Legacy Towers 3<sup>rd</sup> Floor Wing B, Plot No.5 Kyadondo Road.
